 Project: AS0302 VB / I-70
 Re: Archived samples for use by USEPA
 Date: July 14, 1999

The following summarizes the availability of archived soil samples from the Globe Plant requested by USEPA, if available, at a meeting at the Globe Plant the afternoon of 06/18/99.

FORMER SEDIMENTATION POND

TH63 (This sample is in the Globe Plant Old Laboratory)

TH64 (Task manager reported this location was abandoned because of refusal)

TH69 (Task manager reported that samples were not collected from this location)

GW101 (Task manager reported that likely no samples were collected here)

VICINITY OF HISTORIC BLACK ARSENIC FLUES

BH08 (This sample from the RI is in the Globe Plant Old Laboratory)

TERRACE DRAIN

~~TDTH43~~ 972981-41 (along TD east of historic black arsenic flues)
 This sample is no longer at the laboratory.

GLOBE PLANT SURFACE SOILS

<u>Sector</u>	<u>Sample Number</u>	
	<u>A(0-2")</u>	<u>B(0-6")</u>
AK24	987	988
AK25	989	990
AN24	1081	1082
AN28	1089	1090
AP26	1127	1128
AS21	1143	1144
AS22	1141	1142

Notes: **Bold** indicates the requested archived sample has been located.

~~Strikeout~~ indicates the requested archived sample has not been located.
